**YOUNG CURATORS**

This unique program provides a real-life museum career experience for students ages 11 - 18 years. Young Curators will work as a team to select art work from the Museum’s permanent collection for the summer exhibition. They will create a theme for the show, conduct research, and develop didactic materials. They will also participate in a matting and framing workshop with the Museum Preparator.

Young Curators meet with all members of the Museum staff, but their primary advisor is Senior Museum Educator Kat Johnson. In addition to writing, research, and creating educational materials, the Young Curators will give a gallery talk at the Member’s Preview Reception.
